Dear Members,

If you were there, then you know: Torrisi night at ZZ's was magnificent.

What could possibly live up to that? A few things, in fact—including CARBONE BEACH, which returns next month for its milestone fifth anniversary.

Leading up to our annual supper club on the sand, we'll also have the opportunity to feast on one of Hokkaido's most sought-after delicacies, witness the drama of March Madness and Miami Open, and gather on Sundays for our favorite Chinese specialties.

To the Major months ahead…

Jeff, Mario, and Rich

FROM THE KITCHEN

Wild Hokkaido Sea Scallops

Harvested from nutrient-rich subarctic waters, freshly shucked Hokkaido sea scallops (Mukí Hotate) possess a silky-firm texture that is simply unmatched. This month, we are excited to showcase this seasonal favorite in two very special preparations.

Our celebration begins with a Luxurious Scallop Ceviche, bright with coconut and citrus. To follow, the kitchen presents a preparation highlighting the last Périgord truffles of the season: a Scallop Toast of toasted brioche topped with crème fraîche, acacia honey, and sliced scallop – lightly torched and finished with shaved black truffle.

FROM THE BAR

The Sticky Mangoes

Who doesn't love mango sticky rice? That's what Nathan and the bar team had in mind when they were creating this month's featured cocktail, "The Sticky Mangoes". The recipe calls for aged Bacardi, a fantastic mango spirit from J.F. Haden's, and coconut syrup, along with fresh orange juice and lime.

Looking Back

SUPER BOWL RECAP

Thank you to the beautiful crowd of Members who brought unbelievable energy to our Super Bowl Sunday celebration. The Club was buzzing from kickoff to the final whistle, with a marvelous parade of game-day bites flying out of the kitchen and a halftime show that had everybody talking. What a perfect Sunday. Do we really have to wait 12 months to do it again?

Torrisi Dinner Recap

To be honest, we've struggled to put the magic of last month's Torrisi dinner into words. Here's our best shot: Rich and his team came to Miami, they saw, and they conquered. It was so special to witness our brother bring the best of his masterpiece beyond Mulberry Street. We're deeply grateful to him for orchestrating an evening that ranks among the best we've ever had at ZZ's. Let's see if we can convince him to stage a repeat performance…
