Therefore, the current value of the shares of PeopleVine that are owned by ACGX is approximately \$2,523,281.

In 2016 ACG started 2 different trucking companies: Primary Trucking (for FTL - full truck load direct business) and Rapid Freight Solutions (For LTL - Broker loads). As of April 2018 the Company entered into an agreement for a new trucking partnership with Mark-It Logistics., a bigger, more established trucking Company. The new arrangement helped reduce insurance costs, improve safety and compliance procedures, provide access to better software, along with more equipment, additional resources and other benefits. ACG still owned or leased and maintained some trucks and drivers but transferred its trucking clients and most of their drivers to Mark-it. Mark-it took over the trailer liabilities, and expenses related to insurance, compliance, trucking technology, and other day to day operational expenses. This reduced ACG's revenue in 2018 but also substantially reduced its expenses and liabilities. The Company believes the bottom-line should be improved overtime while saving the company time, money, and other resources. During 2018 there were a number of one-time expenses to allow for this trucking transaction to occur. Some of the parties involved in the transition also signed an agreement that would potentially repay Alliance Creative Group approximately \$500,000 over the next few years to potentially offset many of the one-time expenses booked during past quarters. The Company is currently attempting to collect the above mentioned debt. As of December 31, 2018 and during the 1st and 2nd quarter of 2019 ACG continued to close out any prior trucking liabilities to complete the transition and discontinue all trucking operations. During the 3rd quarter of 2019 and moving forward most of the expenses related to trucking are related to the ownership and maintenance of internal trucks and drivers used to manage internal business only.

As of August 2019 the Company filed 2 lawsuits against multiple parties related to the prior Trucking business. In an effort to control expenses the Company hired a law firm that took on these cases for a minimal flat fee along with a contingency fee of 30% of what they collect. Therefore, the Company does not expect any significant expenses while hoping to collect some money over time. Since those two filings an additional lawsuit has been filed in an attempt to collect from the prior trucking business associates. As in most lawsuits they may take longer than expected and can be Unpredictable so the Company has not projected any potential results from these actions. All 3 cases are still pending.
