Part C Business Information

Item 8: The nature of the issuer's business

A. Business Development.

Paul Sorkin received the controlling preferred shares of Invicta Group, Inc. on June 23, 2008. The Company changed its name from Invicta Group, Inc. to Alliance Creative Group, Inc on November 15, 2010. Steven St. Louis received the controlling preferred shares and became CEO and Chairman of the board on December 21, 2011.

The Company is currently in operations and is a printing, packaging, procurement and supply chain management company.

Our mission is provide the consumer packaged goods industry with one simplified procurement brand management process and supply chain solution.

We utilize a unique blend of products, services, and relationships to increase value for both clients and shareholders. Management is now focused on generating sales revenue and creating a high quality customer experience. The Company key services include creative and design, packaging, supply chain management, printing, direct mail, fulfillment, assembly & kitting, brand development and management, business consulting and strategic marketing.

1. The form of organization of the issuer (e.g.. corporation, partnership, limited Liability company, etc.):
 The organizational form of the issuer is a Corporation.
2. The year the issuer (or any predecessor) was organized
 The issuer was organized in 2000.
3. The issuer's fiscal year end date
 The issuers' fiscal year end date is 12/31.
4. Whether the issuer has been in bankruptcy, receivership or any similar proceeding
 The issuer has never been in bankruptcy, receivership or any similar proceeding.

5. Any material reclassification, merger, consolidation, or purchase or sale of a significant amount of assets

The Company has been involved in the following acquisitions and joint ventures since Mr. Sorkin was elected the new CEO on June 23, 2008

September 24, 2009 - The company entered into a joint venture agreement with WT SurgiCenter, LLC (Known as Water Tower Surgery Center) to help manage and market the center and recruit new doctors and clients and increase the overall revenues and profits for the center. The center had a change in ownership and control and the company dissolved their joint venture as of March 26, 2010.

On December 1, 2009 the Company acquired specific assets and took over specific liabilities from STL Marketing Group which included St. Louis Packaging and STL Graphics. This acquisition helped the companies utilize the economies of scale and share some common overhead, employees and operating expenses. The acquisition also allowed the companies to market multiple services together while reducing overall future liabilities and future cash flows. The company took over all of the industry payables and liabilities, the liability of the bank line of credit and majority of the company's long-term note payables in order to acquire any of their assets. These divisions are still a part of the Company. STL Graphics Group is a full-service web and sheet-fed printing group that has the capacity to run 24 hours a day, 7 days a week. STL Graphics uses the latest technologies to service a wide variety of businesses and printing projects. St. Louis Packaging is an established business that has been operating for over 13 years with extensive experience in industrial and retail packaging and customizable inventory management programs with 4 strategic warehouse locations nationwide.

On February 9, 2010 The company entered into a joint venture with Chicago Affordable Cars (an internet car dealer) to help manage, market, maintain and expand the current business interest in Chicago and to expand to future markets. The parties decided to dissolve the joint venture as of November 11, 2010. The parties felt it was in the best interest of all parties involved to end the relationship and allow each party to focus on other future business projects.

On November 1, 2010 The Company acquired specific assets of Snap Graphics and later launched a new website www.SnapGraphics.com. Some of the assets included commercial printers, equipment, supplies, customer lists, domains and a company cargo van. The website www.SnapGraphics.com is currently live and taking orders for all types of printing products including but not limited to: banners, business cards, brochures, postcards, flyers and more.

Mr. Steven St. Louis was elected the new CEO and Chairman and Mr. Sorkin resigned on December 21, 2011.

On March 5, 2012 ACGX purchased all the issued and outstanding preferred stock in STLK for \$25,000 by taking over debt and on September 9, 2012 ACGX entered into a binding LOI to sell all of the preferred stock in STLK to Versant Corporation. The parties closed on the sale Monday October 15, 2012. The terms of the deal include 3 payments of \$25,000 each. The 1st payment was due at closing, the 2nd payment is due in late November 2012 and the final payment is due in Jan 2013. STLK also entered into a 6 month consulting agreement with ACG that goes until Mid-February 2013 with a 30 day out clause at any time. The terms of that agreement include a total compensation packaging of \$10,000 a month in future stock after STLK is a fully reporting company. The Company has only received the \$25,000 for the first payment from October 15, 2012. The Company is in discussions with STLK to collect the other \$50,000. As for the consulting agreement shares, STLK will become a fully reporting company after they complete the required process.

6. Any default of the terms of any note, loan, lease, or other indebtedness or financing arrangements requiring the issuers to make payments

The Company's prior management entered into a convertible debenture with Golden Gate Investors, Inc on April 27, 2004. Golden Gate Investors, Inc. changed their corporate name to Golden State Equity Investors, Inc on December 22, 2008. The current management signed a letter of understanding to amend the terms of the agreement for the Company on October 1, 2009. The Company and Golden State signed another amendment in August of 2011 and entered into additional negotiations and discussions in 2012 regarding this note to determine what's in the best interest of the company and its shareholders. Although all note holders are legally entitled to convert their notes, the company's management, current investors and note holders have agreed to cooperate in maintaining a reasonable level of dilution from conversions at this time to help with the best interest of the overall company and shareholder value to reduce debt but not too quickly. The company will take a balanced approach in reducing debt while trying not to dilute the common shares too quickly.

As the former CEO of the Alliance Creative Group, Mr. Paul Sorkin, entered into a personal guarantee agreement with Golden Gate Investors on June 23, 2008 for the amount of \$112,000. Golden Gate filed suit against Mr. Sorkin and received a judgment for the full original amount plus interest and fees totaling \$122,500. The company and Mr. Sorkin entered into a post-judgment agreement with Golden Gate in October 2009. The Company and Mr. Sorkin amended that agreement again in August of 2011. The company and its new CEO Mr. Steven St. Louis completed negotiations with Golden Gate to amend the agreement again and entered into a new agreement as of October 30, 2012. Another amended agreement was entered into as of March 31, 2013. The new agreement includes the following terms:

The Convertible Debenture from April 27, 2004 with a balance of \$141,812 as of 9/30/12 will reduce the interest rate from 7.75% to 3.75%.

The previous interest due will be settled for a lump sum payment of \$2,500 – which was paid at the closing and future interest will not begin to accrue or be due for 1 year.

The new agreement is extended until October 15, 2017.

Golden State is entitled to convert up to 9.99% of the common stock at a rate equal to 80% of the average 3 lowest volume weighted prices in the previous 10 days. Depending on the stock price this debenture could add an estimated amount of shares between 50,000,000 and 100,000,000 to the outstanding or more. These conversions are based on a discount to market so if the stock price goes up the number of shares issued will go down and if the stock price goes down the number of shares will increase. Golden State has cooperated with the company to avoid any massive dilution or cause a significant price drop in the past but there are no guarantees or specific plans for the timing of these conversions. It is in their best interest of both parties to help the company maintain a solid stock price but it is a subjective decision based on updated facts and circumstances as the market conditions and company's fundamentals change.

The parties have also agreed that if ACG is not in default of this new agreement by June 30, 2013 they will dismiss the prior judgment they have against Mr. Sorkin (The former CEO).

7. Any change of control

The Company was incorporated on June 1, 2000. Up until June 23, 2008 Bill Forhan was the CEO and David Scott was the COO. As of June 23, 2008 Paul Sorkin became the CEO and Chairman of the Board. Steven St. Louis became the CEO and Chairman of the Board on December 21, 2011. Mr. St. Louis is still the CEO and Chairman of the Board.

8. Any increase of 10% or more of the same class of outstanding equity securities?

From June 28, 2008 until November 15, 2010 the Company issued 4,744,634,117 shares of common stock to satisfy some of the liabilities related to convertible notes issued by the company where the investors waited over 1 year and used the Rule 144 exemption to convert their notes into common shares of stock.

As of November 15, 2010 Alliance Creative Group (ACGX) announced the effectiveness of its reverse and name change and that each two thousand (2000) shares of the Common Stock of the Corporation issued and outstanding shall become one (1) share of Common Stock of the Corporation. Fractional or partial shares will not be issued and instead will be rounded up to the nearest whole number of shares. This reverse split becomes effective as of the market open on November 15, 2010. The new name and stock symbol have also been completed and the Corporation formerly known as Invicta Group, Inc (IVIT) is now Alliance Creative Group, Inc (ACGX). The Company has also reduced the total Authorized shares from 5,000,000,000 to 50,000,000.

From November 15, 2010 to December 31, 2010 the company issued 706,251 shares of common stock to satisfy some of the liabilities related to convertible notes issued by the company and held by the investors for over 1 year.

From January 1, 2011 until September 14, 2011 the company issued 5,398,320 shares of common stock to satisfy some of the liabilities related to convertible notes issued by the company and held by investors for over 1 year.

From September 15, 2011 until June 30, 2012 the company did not issued any shares to anyone.

The Company has not sold any of their free trading shares for any compensation or investment. The Company has not issued any free trading shares using the exemptions related to a Regulation A filing, a Rule 504 exemption or filed an effective registration statement.

As of September 30, the company has issued an additional 2,695,131 shares since June 30, 2012 to previous investors that entered into convertible note agreements or promissory notes over 1 year ago.

From September 30, 2012 to December 31, 2012, the company has issued an additional 3,550,000 shares to previous investors that entered into convertible note agreements or promissory notes over 1 year ago.

From January 1, 2013 to March 31, 2013, the company has issued an additional 6,615,467 shares to previous investors that entered into convertible note agreements or promissory notes over 1 year ago.

Including Golden State, mentioned above, and other investors/debtors The company has a total of over \$1,500,000 in long-term notes and/or debentures. These notes can be paid back in cash or stock. The investors have been working with the company to try to find the best balance between maintaining solid company's fundamentals, growth plans and cash flows while trying not to dilute the stock too quickly to cause a significant decline in price. However, there are no guarantees or pre-arranged agreements for how much the investors will or won't convert in the future. All the notes have a conversion mechanism that allows them to convert at a discount to market rather than a set price. The overall average discount price of all the notes is around a 30% discount to market. This means if the stock goes up and shares are issues then less shares are needed to reduce the debt obligation and if the stock price goes down more shares are needed to honor the debt obligations. No one debtor will ever own more than 9.9% of the common stock at one time but if every debt holder converted their entire notes over time the company may have to increase their authorized number of shares and may have to issue over 250,000,000 to 350,000,000 additional shares to reduce this debt to zero. If the stock price stays around the recent price range it may have to issue around 300,000,000 shares. If the stock price goes down that amount may go up. Keep in mind this is a process that may take multiple years or may never happen. These types of conversion decisions are made between the debt holder and the company on a case by case basis. Both parties have the company's overall best long-term interest in mind but there are no set plans or agreements as to the amount of debt that will be paid back in cash vs stock or the timing of any of these conversions.

9. Any past, pending or anticipated stock split, stock dividend, recapitalization, merger, acquisition, spin-off, or reorganization

The Company was formed on June 1, 2000 under the name of Invicta Group, Inc. in the State of Nevada. The Company changed its name from Invicta Group, Inc. to its current name by filing the Certificate of Amendment to the Articles of Incorporation with the Nevada Secretary of State 10/22/10. The name change

was approved and announced on 11/12/10 and the corporate action took effect and FINRA recognized the change at the open of business 11/15/10.

As of November 15, 2010 Alliance Creative Group (ACGX) announced the effectiveness of its reverse and name change and that each two thousand (2000) shares of the Common Stock of the Corporation issued and outstanding shall become one (1) share of Common Stock of the Corporation. Fractional or partial shares will not be issued and instead will be rounded up to the nearest whole number of shares. This reverse split becomes effective as of the market open on November 15, 2010. The new name and stock symbol have also been completed and the Corporation formerly known as Invicta Group, Inc (IVIT) is now Alliance Creative Group, Inc (ACGX). The Company has also reduced the total Authorized shares from 5,000,000,000 to 50,000,000. As of May 1, 2013 the company has increase the total authorized shares to 750,000,000.

There are no other current pending mergers, acquisitions, spin-offs or reorganizations.

10. Any delisting of the issuers securities by any securities exchange or deletion from the QIC Bulletin Board

August 6, 2009 The Company filed a Form 15 with the Commission to terminate the registration of the Company's Common Stock under the Securities Exchange Act of 1934. Since that date the Company's Common Stock has traded only on the OTC markets.

11. Any current, past, pending or threatened legal proceedings or administrative actions either by or against the issuer that could have a material effect on the issuer's business, financial condition, or operations and any current, past or pending trading suspensions by a securities regulator. State the names of the principal's parties, the nature and current status of the matter, and the amounts involved

On or about September 19, 2011 Mr. Sorkin received a Subpoena Duces Tecum from the Securities Department of the Illinois Secretary of State requesting information related to ACGX and STLK. Mr. Sorkin provided the department with all the requested information in 2011 and then also gave an oral statement on October 4, 2012 to the Department on those matters. As of May 14, 2013 there have been no additional requests or communications so the inquiry remains pending.

The following is a current litigation that the company is involved in. Alliance Creative Group has hired collection agency Williams, Babbit & Weisman, Inc to collect \$72,570 owed From Chicago Affordable Cars and Yazan Abuharbeed for a past Joint Venture. The debt owed to Alliance has not been paid and a lawsuit is being filed to collect the remaining owed funds. Alliance signed an agreement with Williams, Babbit & Weisman on August 31, 2012 to pursue legal action if necessary on a contingency fee basis. There is the possibility in this collection case that the company will not receive the full funds owed and may have to take a loss related to this amount.

As of March 31, 2013 the case with Chicago Affordable Cars and Yazan Abuharbeed has not been resolved and the company is going to continue to take any and all possible legal actions to attempt to collect as much as possible as quick as possible.

DTC DEPOSIT CHILL – REMOVED – Alliance Creative Group hired attorney Simon Kogan on August 16, 2012 to pursue potential legal action against DTC to remove a deposit chill placed on the company. A deposit chill is a limitation of certain services that prevents additional deposits of the Issue for depository and book-entry transfer services. On August 21, 2012 Mr. Kogan received communications from the attorneys representing DTC informing the company for the first time that a deposit chill was imposed on the company as of July 26, 2010. The basis for the deposit chill was an unusually large amount of deposits during the time period of October 20, 2009 until July 26, 2010. In order for DTC to make a determination as to whether to lift the Deposit Chill they required supporting documentation for all transactions during the above mentioned time period. The company supplied DTC with all the required back up documentation supporting each and every transaction. DTC reviewed the documents and determined that ACGX did nothing wrong and removed the deposit chill to allow the company to resume normal deposits and book-entry services.

BANKING CHANGE

The Company has changed from their long-time local bank, Centrust, to a much bigger and more aggressive international bank with RBS Citizens. This move was to allow the company to restructure and consolidate old debt, increase their bank lines and reduce their interest rates while building a long-term relationship that understands our desires and plans to grow and possibly acquire other companies.

The specific terms of the new agreement include 4 parts:

1. Revolving line of credit for \$1,000,000 at around 2.25% - this started with about \$700,000 being used to pay off the Centrust old line.
2. \$300,000 Equipment line that is at \$0 right now and may be used to purchase new equipment in the future.
3. A \$160,000 term loan at 3.75% this was used to pay off most of the cars and printers and to consolidate into 1 lower monthly payment.
4. Company credit cards with \$100,000 combined limit

The Company is excited to be able to consolidate its debt at a lower rate and build a relationship with a bigger bank that can hopefully help the company take better advantage of future business opportunities based on cash needs.

Part D Business of Issuer

Alliance Creative Group is currently a printing, packaging, procurement, supply chain management and consulting company. Our strategic mission is to utilize a unique blend of products, services, and relationships to increase value for both clients and shareholders. Management is now focused on generating sales revenue and profits and creating a high quality customer experience. The Company key services include creative and design, printing and packaging, supply chain management, project management, event marketing, direct mail, fulfillment, assembly and kitting, business consulting and strategic marketing. The 3 core brands and DBAs at this time include: St. Louis Packaging, STL Marketing and Snap Graphics. At this time we have twenty three (23)

full time employees and use independent contractors as needed. Company is not now and has never been a shell.

In general, it has been the Company policy to evaluate all potential business opportunities, cash-flows, team's priorities, and other relevant and important business issues and concerns on a regular basis and try to make the best overall decisions after considering all pros, cons, costs, risks, and time with everything. We believe that, to the extent that we are able, our business is well positioned for growth as we have improved our revenues and profits with our core business divisions and future focus.

The company's big picture long term plan is to attempt to create a printing, packaging and marketing role up company. The intent is to have multiple business divisions or subsidiaries working together under one roof, sharing common resources and helping to increase the overall revenues and profits while reducing the percentage of expenses by utilizing the economies of scales. We are currently in discussions with multiple parties regarding potential mergers or acquisitions. The company moved into a bigger office and warehouse space and has purchased some equipment and is currently looking into other equipment and software upgrade options. The company is looking for funding partners to help create and speed up this bigger roll up business model. We feel this business model will allow us to continue to aggressively compete with other growing companies and add quality staff and valuable resources as we grow. We also feel that the more success the company experiences the more potential acquisition targets and additional potential quality and experienced staff we will be attracted to help us increase our growth rate in the coming years.

Item 9: The nature of the products and services offered

INDUSTRY INFORMATION

Consumer packaged goods account for an estimated \$2.1 Trillion of revenue to the U.S. economy. Every product that is created comes in some sort of package. It may be in a box or a bag, a clamshell or a blister pack, a bottle or a combination of the above. They may have stickers or labels or be displayed on a shelf or a hook but at the end of the day they come in some sort of packaging or display. When it comes to printing the industry includes all types of products like magazines, manuals, brochure, business cards, banner, flyers and 100's of other types of items.

Together the printing and packaging industries sell over \$200 Billion worth of products every year and that number has been increasing.

Item 16: Management's Discussion and Analysis or Plan of Operation

A. Plan of Operation for the next 12 months

It is anticipated that the following will take place:

The Company will continue to service and maintain its' current clients while actively marketing to find new clients. The Company will market its services in print, online and at events, along with all social media and word of mouth networking and marketing. The key to having multiple products and services is

to be able to offer a Company any one service in hopes of getting a client started using one of the company's services and then introduce some or all of the other services at a discount once they have developed a comfort level with the company and the overall quality of the products and services.

We are also seeking out strategic partnerships and acquisitions that will support and enhance our product and service offerings and brands. We will be seeking funding revenue sources which support our needs for up to \$5,000,000 to expand our sales and marketing team while carrying more inventory and accounts receivables and acquiring some companies as the company grows.

Trends driving our business model

The overall trend in printing, packaging, procurement, supply chain management, marketing and consulting is to use fewer companies for more services so the client can limit the number of project teams and employees that are required to fulfill their needs. Our economy of scales shared resources approach and experienced team allows us to help our clients reduce their overall expenses by allowing us to service them in more than one area of their business. We are also printing more in-house and will continue to head in that direction as long as the positive results continue. If we are able to bring enough business in-house we will look into expanding and enhancing our in-house machines and equipment.

FORWARD LOOKING STATEMENTS

This disclosure may contain some forward-looking statements as defined by the Private Securities Litigation Reform Act of 1995. Forward-looking statements include statements concerning plan, objectives, goals, strategies, future events or performance, and underlying assumptions and other statements that are other than statements of historical facts. These statements are subject to uncertainties and risks including, but not limited to, the volatility of the market price of our common stock, our inability to predict the effects of our reverse stock split on the effect of our stock market price, our business plans, the strategies that we use to develop and evaluate opportunities, the extent of product and service demand and acceptance, changes in technology, economic conditions, the impact of competition and pricing, government regulation, and other risks described in statements filed from time to time with the Securities and Exchange Commission. All such forward-looking statements whether written or oral, and whether made by or on behalf of the Company, are expressly qualified by the cautionary statements that may accompany the forward-looking statements. In addition, the Company disclaims any obligation to update any forward-looking statements to reflect events or circumstances after the date hereof.

RISK FACTORS

Before making a decision to invest in Alliance Creative Group, Inc. (OTC:ACGX), prospective investors should consider carefully, in addition to the other information contained in all of the Company's public filings and information, the following factors. The order in which the following considerations are presented does not necessarily represent the order of importance or likelihood of occurrence.

Market Conditions and Regulations

The OTC market is a very volatile market and the Company has no control over how much or little stock is traded or at what price. The regulations may also change without any notice and the company's stock may have future issues or

limitations that may be out of its control and could affect the overall stock price and trading volume.

Competition

Although the printing, packaging and marketing industries are huge industries with a lot of opportunities there is also a significant amount of competition and there are no guarantees the company can maintain all of its clients and or gain more in the future.

Raw Materials

Paper is an example of a raw material that changes in value and may cause a change in the company's ability to maintain a similar profit margin in the future.

Accounts Receivables

The company extends most of their client's credit terms and usually averages over \$2,000,000 in total account receivables at any one time. The company is usually in a position as an unsecured creditor and runs the risk of not being able to collect all of its receivables all the time and may have to take some losses in the future. There are currently some larger receivables that may not be collected in full. The company will continue to attempt to collect everything but there are no guarantees of success.

Potential Lawsuits

The company deals with a significant number of clients and employees and runs the risk of potential litigations. It maintains insurance to cover most potential issues but there is no guarantee the company will not be involved in any future lawsuits that could affect the overall value of the company in a negative way.

Significant Clients

The Company currently has a few bigger clients that represent a large % of their business. The top 10 clients represent more than 65% of the overall business at this time. If any one or more of these clients change their activity level with the company it could change the company's revenues and profits significantly. The Company is always working on adding more clients and diversifying to reduce future risk however, there are no guarantees the current larger clients will continue to be clients for the long-term or if the company loses clients they can replace them with similar size clients. Sometimes clients change management, sometimes they go out of business and sometimes they just decide to make a change.

General Overall Risk Factor

Like most companies there are a lot of potential variables that can occur to cause positive or negative effects on the overall company. The Company continues to work towards reducing these risks but understands the nature of the business and the OTC Market is that there will always be some risks and all investors need to be prepared to take on those risks before investing.
