DEJAVOO W/ PINPad Shield - Protective Spill Cover Installation Instructions

You have made a great choice to protect your device from germs, spills and grime while extending the life of your terminal.

Instructions:

1. DO NOT REMOVE THE WHITE MYLAR STRIPS YET.
2. This cover is designed for the Dejavoo device that has the PINPad Shield on the device. You do not need to remove the PINPad Shield.
3. Slide the cover under the PINPad Shield so that it covers the keypad. Make sure the keys are covered properly with the cover, and that the top screen portion is also aligned correctly.
4. Remove all three white mylar strips surrounding the keypad. Adhere the LEFT and RIGHT tape down first, and then the FRONT tape.

*If the tape comes off with the white strip, simply reapply the tape to the cover and carefully separate the tape from the white Mylar.
5. Once the keypad section is finished, you can remove all of the remaining white mylar strips. Moving from the bottom to the top adhere the tape to the device. Secure the TOP tape last.
6. Check and smooth down any bubbles. You can safely lift up the edge to stretch and reapply the cover.

Tips for Care and Use

- This cover is durable but it is made of plastic, so treat it gently.
- Do not use sharp objects or pens as they may puncture the cover.
- Clean with a damp cloth or antibacterial wipe.
- Do not remove the cover to clean it.
