

# Crowdfunding Products

Ilan Cohen

Director, Hardware, Tech and Design

[ilan@indiegogo.com](mailto:ilan@indiegogo.com)

Indiegogo is the world's largest crowdfunding platform. We work with startups and existing brands to launch new products to the international market.

**15 million**  
Unique visitors monthly

**\$1B+**  
funded

**200+**  
countries/territories

**600,000+**  
campaigns hosted

**Fundraising**

**Customer  
Discovery & Market  
Validation**

**Branding and  
Awareness**

**Market Entry**

## Fundraising

For hardware startups who need funds to manufacture, crowdfunding lets them have their customers pay for their manufacturing

Lorenzo Maggiore dreamed of making the Bug-A-Salt, a gun that kills flies by shooting salt. But investors thought the idea was crazy. So he launched it on Indiegogo.

Closed

## BugASalt- The Final Push

A miniaturized shotgun effect is generated through this ingenious design for killing flies and other pesty insects using only ordinary table salt.

Lorenzo Maggiore  
Santa Monica, United States  
[About](#)

**\$577,636** USD raised by 10764 backers

3851% of \$15,000 [flexible goal](#)

## Customer Discovery & Market Validation

For established companies, crowdfunding helps them **learn about their customers** and prove demand for products.

# Opal Nugget Ice Maker

GENERAL ELECTRIC

After raising **\$300K+** in its first IGG campaign, GE's FirstBuild team launched a second campaign to prove market demand for its new invention: a nugget ice making machine for the home.

## Sales

- **\$100K** in the first hour; **\$600K** in the first 48 hours

## Reach

- **660K** campaign page views
- **15K** Facebook shares
- **37** unique stories
- **150,000,000** impressions

**\$2.7M** USD RAISED | **6,470** CONTRIBUTIONS

# Insights on Customers were Invaluable

Gender

Price Points

Offerings

“Total time from concept to production: four months. If it flops, no worries. **Upfront costs were 20 times less than a traditional product rollout, which can cost tens of millions of dollars.** If we’re going to fail, we want to fail fast.”

**Natarajan Venkatakrishnan**  
Head of R&D, GE Appliances

## Branding and Awareness

For companies of any size, crowdfunding is an effective tool to **generate interest and awareness**.

# Air

By CRAZYBABY

After raising **\$830K+** in its first IGG campaign, Crazybaby launched a second product, their Air wireless earbuds. Their goal was to drive sales, awareness, and brand visibility.

- Over **\$750K** in just the first week
- **920K** campaign page views
- **6K+** Facebook shares

**\$2.8M** USD RAISED | **23,039** CONTRIBUTIONS

## Market Entry

Brandsuse Indiegogo to **launch**  
into the international market.

# Aurora & H1

By XGIMI

Xgimi was the market-leading smart projector in China, but had no international presence. Through their launch on Indiegogo, they were able to build a brand and expand their audience into the US, Europe, and South America.

**\$1.3M** USD RAISED | **2,676** CONTRIBUTIONS

Crowdfunding is still  
challenging

# The Strategy

Crowdfunding isn't magic.  
It's marketing

If you build it  
they will come

~~If you build it  
they will come~~

# Sales & Marketing Funnel

# Conversion Rate

A screenshot of an Indiegogo campaign page for 'TrackR bravo - The Thinnest Tracking Device. Ever.' The page shows the campaign title, location (Santa Barbara, California, United States), category (Technology), and funding progress. The funding progress shows 'InDemand' with '\$1,631,089 USD' total funds raised. A video player is visible on the left, and a 'SELECT A PERK' button is on the right.

# So how do you do it right?

# Process Overview

# Plan

Raise Money

Drive Awareness

Learn

Scale your timeline and  
budget based on your  
goals

## Estimated Budget: 20% of your campaign's goal

If you have a lot of time, and your team has all the skills in house, this can be lower. If you're working with many partners on a tight deadline, it will be more expensive.

# Launch with

A Working  
Prototype

An Engaged, Excited  
Audience

Manufacturing  
Secured

# Set pre-launch metrics

# Talent

## Things you need to do

You or a partner will need to do everything below as you prepare a successful campaign.

- Copywriting
- Graphic design
- Landing page setup
- Product photography
- Organic social media
- Video creation
- Press outreach
- Paid advertising
- Email & customer acquisition
- Campaign management

Divide the work between your team  
and partners

# Example Division

## YOUR TEAM

- Copywriting
- Graphic design
- Landing page setup
- Product photography
- Organic social media
- Campaign management

## PARTNERS

- Video creation
- Press outreach
- Paid advertising
- Email & customer acquisition

## FACTORS TO CONSIDER

Cost

Time to launch

Team expertise

# Ranges for partner cost

## Video

<\$10k for video production, \$10k-\$30k for production and direction.

## Digital Advertising

Budget 10-20% of your target goal. You'll be higher or lower in that range depending on how advertising converts

## Full Service Crowdfunding Agency

5-20% of your campaign + upfront fee (\$5-\$20k)

## PR

\$2k-\$12k/mo, minimum commitment depends on agency, some exception.

# Positioning

Sell This

Not This

Sell This

Not This

# Have Clear Product Marketing Basics

- What amazing experience does your product enable?
- What problem are you solving?
- Who is your target customer?
- Why you instead of a competitor?

Estimated delivery: **June 2014**

130 out of 500 claimed

## Service plans

With Canary, the app and primary service are free, and accessible via as many phones as you'd like. That means you can download the free app, receive alerts, add your friends or family as your backup, and see live streaming of video, audio and other sensor data.

After the products ship, there will be additional (optional) service plans that include more data options (such as storing events over a longer period of time) and a call-center backup. These premium plans will have a surcharge but are optional and contract-free. Contributing to the campaign here in no way signs you up for a paid service plan. Updates to the app are free for users as well.

## Disrupting a broken system

We set out to disrupt the home security industry by designing a solution that addresses the major consumer pain points of existing products.

	<b>canary</b>	TRADITIONAL HOME SECURITY	DIY KIT
PRICE	\$199, which includes live streaming, alerts, trends, backups, and more for free.	Average installation: \$1450 Monthly service fee: \$45-\$120 with 3-5 year contracts.	\$200-\$1200 (depending on if you want video or other sensors) Monthly fee: \$25-\$49
INSTALLATION	Take it out of the box. Connect to your wi-fi and set up. Setup is 30 seconds.	1-2 day professional installation required.	Self-install sensors around your home, sticking or screwing them into place.

## Understand What Works Before Launch

The advertisement features a dark, moody background with a wooden desk in the foreground. On the desk, there is a small digital display showing a photo of a baby being held by an adult. To the right of the display are various desk items: a black desk lamp, a brass pen holder with pens, a white mug, and a stack of books, including one titled 'MAN OF THE COMMUNE'. On the left side of the image, the 'loop' logo is at the top. Below it is the headline 'Loop in the ones you love.' followed by a sub-headline: 'Loop is a photo-sharing display that makes it easier than ever to keep your family involved in your everyday life.' Below the text are two input fields labeled 'Your name' and 'Your email'. At the bottom left are two buttons: a red 'Join now' button and a blue 'Connect' button with a Facebook icon. A small 'or' is placed between the two buttons. The bottom of the advertisement has a white background with the text 'With Loop, your loved ones are always close.'
