

**MHUB**

**GENERAL INTRODUCTION TO MHUB**

**Creating the conditions  
for product innovation to thrive.**

mHUB is galvanizing the manufacturing ecosystem of product designers, developers, entrepreneurs, engineers & manufacturers to drive collaborative product innovation. Through access to resources like labs, \$3M of equipment, classes, training, and mentorship, mHUB helps innovators turn ideas into prototypes, and prototypes into sustainable new businesses.

# mHUB Community Pillars

Member Community	Machines	Mentorship	Manufacturing Network	Money	Momentum
375 active members	\$3+ million worth of equipment	Uniquely engaged mentor network	250 manufacturing partners and suppliers	Access to capital opportunities	Business services
Diverse membership includes contractors, specialists, researchers, entrepreneurs & artists.	Entry level and advanced equipment for prototyping development, testing and first assembly run.	Industry, manufacturing, entrepreneurship and business experts supporting members with general advice and specific milestones.	Partnerships with major manufacturing associations: AIM, TMA, IMA, IMEC enabling members to scale beyond their first production run.	Developing partnerships to connect members with local and national accelerator programs and investment funds.	Services and education programs around accounting, legal, marketing, business development, etc. for members to build a business and take their product to market.
