## WHAT ARE THE FOURTH REVOLUTION AWARDS?

### THE CEREMONY

The Fourth Revolution Awards celebrates regional manufacturing for its leadership and innovation as the industry stands on the brink of a new technological revolution. The ceremony culminates in the presentation of seven awards to deserving leaders, companies and industrial initiatives that have made significant contributions to the Chicago region's manufacturing ecosystem. All event sponsorship and proceeds support mHUB and DMDII's programmatic initiatives including education, diversity and inclusion, outreach to small manufacturers, and scholarships. Together, we will ensure that Chicagoland manufacturing is driven by innovation, infused with world-class talent, and continues its reign as a global leader into the future.

### THE REVOLUTION

The Fourth Industrial Revolution fuses physical product development with digital processes to impact all disciplines, economies and industries and even challenges ideas about what it means to be human. Central to this revolution are emerging technology breakthroughs in fields such as the Internet of Things, autonomous vehicles, 3D printing, robotics and artificial intelligence. It is a technological revolution that will fundamentally alter the way we live, work, and relate to one another. In its scale, scope, and complexity, the transformation will be unlike anything humankind has experienced before.
