Consumer Feedback

With PeopleVine's Surveys & Forms feature, you can create custom pages to capture client information and feedback. Each answer is a new opportunity for targeted marketing or product improvement.

Build custom surveys and forms to capture marketable data

Follow up with a survey or review request after every purchase, page visit, or interaction

Build detailed customer profiles by mapping answers to attributes

Set auto replies based on answers to specific questions

Capture reviews and feedback to help you build a better product/service

Integrate our Ratings and Reviews feature into your web site, online shop, or dedicated page to share valuable feedback with prospective customers

Use surveys to gate offer downloads and membership signups

Monitor social networks for keywords and #tags to see what people are saying about your business

Set up keyword monitors to auto reply, escalate, or engage further
